### All Day Kindergarten

*Discussion about the possibility of All-Day Kindergarten next year. Currently 40 parents are interested in an All-Day class for their students. Data shows that an All-Day class is needed based on Acadience reading scores.*

*Benefits are that students could have a more enriched learning experience in All Day Kindergarten. Students could show more growth academically and be on target to enter 1<sup>st</sup> grade.*

*Concerns about the students being too young to be in class all day were mentioned. However, having an All-Day class will allow the parents to choose what is best for their child. This also allows flexibility for parents.*

*Funding for the All-Day class could come from a school budget or a possible grant from the state.*
