### Not in Attendance:

### Middle of the Year (MOY) Acadience Data Update

#### LETRS follow-up

LETRS training for upper grades - Should the council use Trustland funding for LETRS training? Is it possible? Are upper grade teachers interested in LETRS training?

#### Para-Educator Presentation - Megan Clark

Are para-educators helping? Are they trained? How do we know they are effective? What progress is being made with para-educators? What outcomes do we expect?

### 2023-2024 Trustland Plan Discussion

#### Goals for 2023-2024 - Agreed Upon in the January Meeting

80% of Kindergarten through 6th-Grade students will make typical or above progress on the Acadience Pathways of Progress End of the Year assessment.

Students in 3rd through 6th-Grade will increase their math scores by 3% as measured by the end of year RISE test data.

Students in 4th through 6th-Grade will increase their science scores by 5% as measured by the end of year RISE test data.

#### 2023-2024 Funding Discussion

Do we know what teachers need? Can we ask them? Teacher grants have been part of the Trustland funding in years past. Should the council implement a grant system for teachers?

Last year's funding plan is as follows:

Para-educators will provide remediation and extensions for our Kindergarten through 6th-grade students. Additional funds will be used to support Goals 1 and 2 in the following ways (depending on need):

- Increase the number of para-educators for remediation and extension.
- Purchase curriculum, support materials/supplies, manipulatives for Reading, Math, or Science.
- Cover costs of reading, math, and science computer software programs
- Purchase headphones for computer software programs.
