Not in Attendance: *Gaylene, Dorie*

Updates

- Wildcats Celebrate the Arts Night - March 21st from 6:00-7:00pm
 - *We will have our Gallery Walk throughout the school and classrooms, story-telling in the library, musical performances in the gym, and an art supply for the students.*
- Patriotic Choir Performance - March 28th @ 6:00pm

Safety & Security

- Safety Week completed
- Safe walking route recommendations sent to the district
- Additional fencing and outdoor camera installation

Trustland Plan Proposal for the 2024-2025 School Year

Goals:

- 80% of Kindergarten through 6th-Grade students will make typical or above progress on the Acadience Pathways of Progress (POP) End of the Year (EOY) assessment. The Acadience assessment helps teachers determine how students are performing on important reading skills. These critical reading skills include phonemic awareness, phonics, fluency, and comprehension.
- Students in 3rd through 6th grade will increase their math scores by 3% as measured by the end-of-year RISE test data.
 - Tracking of students across grade levels
 - *Perry - Closing the gap is happening*
- Students in 4th through 6th grade will increase their science scores by 3% as measured by the end-of-year RISE test data.
 - Tracking of students across grade levels

The council agrees with the above goals.

Funding Total: \$93,839.72 for 2023-2024 school year

- Para-educators will provide remediation and extensions for our Kindergarten through 6th-grade students.

Cameron - What do teachers need most?

Amber - Para-educator support so teachers can pull small groups and do teacher-led interventions.

Perry - We want to create a plan that gives the school ultimate flexibility to do what is needed for the students.

The council agrees that para-educators are the best use of Trustland money.

Additional Funds:

- Increase the number of para-educators for remediation and extension.
- Purchase curriculum, support materials/supplies, and manipulatives for Reading, Math, Science, or STEM.
- Cover costs of reading, math, and science computer software programs.
- Purchase headphones for computer software programs.

Adrienne agrees that headphones are needed. She has seen the need as she has substituted in classrooms this year.

The council agrees to the additional funding ideas above.

Discussion & Voting

Discussion about goals, funding, and ideas for additional funding

Perry motioned to accept the goals, funding, and ideas for additional funding as discussed

Cameron seconded the motion

All in agreement

**Gaylene and Dorie were not at the meeting to vote. Kim will call them and to get their vote.*

UPDATE: Gaylene and Dorie voted yes to the plan and funding

Other?

Kim discussed the new TimeKettle, a translation device teachers use to help with English Language Learners.

Kim shared her experience with the device and watched Mrs. Frame use it with two English Language Learners in her class. Other supports that are in place:

- *Lexia English Software*
- *New to the Country students receive pull-out services*
- *In-class interventions with teachers*

Next Month's Meeting: *April 2nd (Spring Break), May 7th*

Next meeting is May 7th.
